SKILLS

- **Languages:** Python, C, C++
- **Technologies:** HTML, CSS, JavaScript, Artificial Intelligence, Machine Learning
- **Databases/Tools:** SQL, MySQL, VS Code, GitHub, Cisco Packet Tracer
- **Soft Skills:** Problem solving, Time management, Adaptability, Communication

PROJECTS

AgriSense - Intelligent Soil Monitoring & Automated Irrigation 2025 - 2026

- Developed an agriculture-focused system to monitor soil moisture and automate irrigation based on changing soil conditions.
- Integrated soil-moisture sensing with a microcontroller and water pump to support automatic irrigation and reduce manual intervention.
- Applied C/C++ programming and embedded-system concepts to build and test the prototype for practical agricultural use.
- Focused on efficient water usage through condition-based irrigation rather than continuous manual watering.

Computer Network Simulation | Cisco Packet Tracer 2025 - 2026

- Designed and simulated computer networks using Cisco Packet Tracer to understand practical networking concepts and communication between devices.
- Configured network devices and tested connectivity while applying concepts including IP addressing, routing, and network models.
- Troubleshoot simulated connectivity issues and analyzed packet flow to strengthen practical networking and problem-solving skills.

CERTIFICATES

- AI & Machine Learning
- Python Essentials 1 | [Cisco](#)
- Python Essentials 2 | [EduTech Hub](#)
- Python Programming - Part 1 | [Infosys](#)
- Python Programming - Part 2 | [Infosys](#)

ACHIEVEMENTS

- Completed certifications in Python programming, AI and Machine Learning, demonstrating continued technical learning beyond academic coursework.
- Developed an end-to-end academic prototype combining sensors, automated irrigation, and programming concepts to address a real-world agriculture problem.
- Built practical networking simulations in Cisco Packet Tracer to strengthen understanding of computer networks and troubleshooting.

EDUCATION

Lovely Professional University

Bachelor of Technology - Computer Science and Engineering (AI/ML); CGPA: 7.0

Phagwara, Punjab
Aug 2025 - Present

Manavta Public School

Higher Secondary Education; Percentage: 88%

Ferozepur, Punjab
Apr 2024 - Mar 2025

D.C. Model International School

Secondary Education; Percentage: 84%

Ferozepur, Punjab
Apr 2022 - Mar 2023
